

GRIDLOCK:

The Unhealthy Politics of
Health Care in Vermont

Terry Doran
Dr. Deb Richter
Cornelius Hogan

'Gridlock' is a must read for those interested in the outcome of the great health care debate.

'Gridlock' from the authors of 'At the Crossroads: The Future of Health Care in Vermont,' uses reason and logic to point out the fallacies in the current political health care debate and offers a more reasoned way to sort out the fundamentals of what needs to happen.
